School Offer for Special Education Needs and Disability- September 2025

The Robert Drake Primary School is an active member of the local <u>BATIC</u> (<u>Benfleet and Thundersley Inter-Cluster</u>) group of schools. All of the schools in the group work closely together and are committed to providing high quality education for all pupils with special educational needs and disabilities. Local provision is very similar as no one school has a particular specialism in relation to special educational needs.

Please note: where the term parents is used this includes careers. Feedback from parents and governors at the review of this document requested that key information is highlighted in blue.
