

The Robert Drake Primary School

Admission Arrangements for Pupils with SEND (Special Educational Needs or Disability)

If a child is due to start primary school and already has an Education, Health and Care Plan (EHCP), the process of selecting a school is linked to the child's EHCP. A consultation with the Statutory Assessment Service, staff at school, parents/carers and any relevant outside agencies will take place so that a school can be named in the EHCP. It will be the same process for a pupil joining school mid-year.
