
Book Mark

These are my
reading targets...

These are the
different strategies
I should be using to
help me read...

- Use pictures to help me
- Look for smaller words inside words
- Sound out/blend words I don't know
- Break down words into syllables
- Use full stops and exclamation marks to make sense of what I'm reading

Book Mark

These are my
reading targets...

These are the
different strategies
I should be using to
help me read...

- Go back and read a word or sentence again if I don't understand it
- Listen to what I am reading to see if it makes sense
- Check that I am right by going back to look carefully at words
- When I have made a mistake go back and see if I can read it correctly
- Ask questions to help me with my reading when I don't understand
- Use spelling patterns I recognise to help me work out new words

Book Mark

These are my
reading targets...

These are the
different strategies
I should be using to
help me read...

- Talk about what I have read so I understand it
- Think about what might happen next and say why
- When I read imagine what is happening and build a picture in my mind
- Look for and use punctuation like " ", !, ?, commas and italics when I read aloud.
- Read ahead of a sentence to work out which character might be speaking
- If I don't know a word, miss it out, and use the rest of the sentence to help me work it out.
